# Lawrence Berkeley National Laboratory Transportation & Parking Update

Community Advisory Group

June 10, 2019

Ellen Ford, Deputy Chief Operating Officer

U.S. DEPARTMENT OF  
**ENERGY**

Office of  
Science

# Transportation & Parking Solutions

## Solutions- A Portfolio Approach

- Engaging the Lab community- crowd-sourcing ideas, suggestions, inefficiencies
- Expanding shuttle services
- Promoting telecommuting
- Biking updates
- Enhancing carpool capabilities
- Additional parking
- Next steps

# Transportation & Parking Solutions

## Engaging Lab Community

- Comprehensive communication plan launched
  - January – Kick off Level 1 from Deputy COO generated 80+ suggestions
  - February – Shuttle pilots, FAQ and brown bag sessions with TAC
  - March – Mass Transit incentives
  - April – Safety, Security and Sustainability Fair, IGB Transit Fair and All-Hands meeting
  - May – Shuttle pilots, Brown bag session with ALS post-docs and students, Commute website launch,
  - June- Bike resources
  - July- Telecommuting support, Vanpool outreach
- Goal is to build trust through transparency and regular updates

# Commute.LBL.Gov Site Launch May 2019

Science

# Transportation & Parking Solutions

## Promoting telecommuting:

- Launching reporting mechanisms for transparency, management monitoring
- Holding focus group discussions to identify best practices, challenges, ways to provide better support

## Expanding shuttle services:

- Launched pilot routes for Potter St and N Berkeley BART
  - Added stops on Potter St, rerouted N Berkeley
  - Added runs on both routes, increasing N Berkeley van size
  - Informed by population distribution and employee input
  - Coordinated routes with AC Transit, City of Berkeley
  - Modernize shuttle accessories

# Biking to the Lab

## Encouraging Biking

- Partnering with LBNL Bike Coalition
  - Updated FAQ
  - Surveying bike rack locations
- Producing video for using Shuttle bus bike racks
- Hosted TREK bikes at SS&S Fair
- Developed map of bike racks and shower facilities- community suggestion!
