

Lawrence Berkeley National Lab

# Berkeley Lab Operations Update

Community Advisory Group

March 14, 2022

Michael Brandt  
Deputy Lab Director of Operations  
and Chief Operating Officer

## VIP Visit to Berkeley Lab: Speaker Pelosi & Congressional Delegation

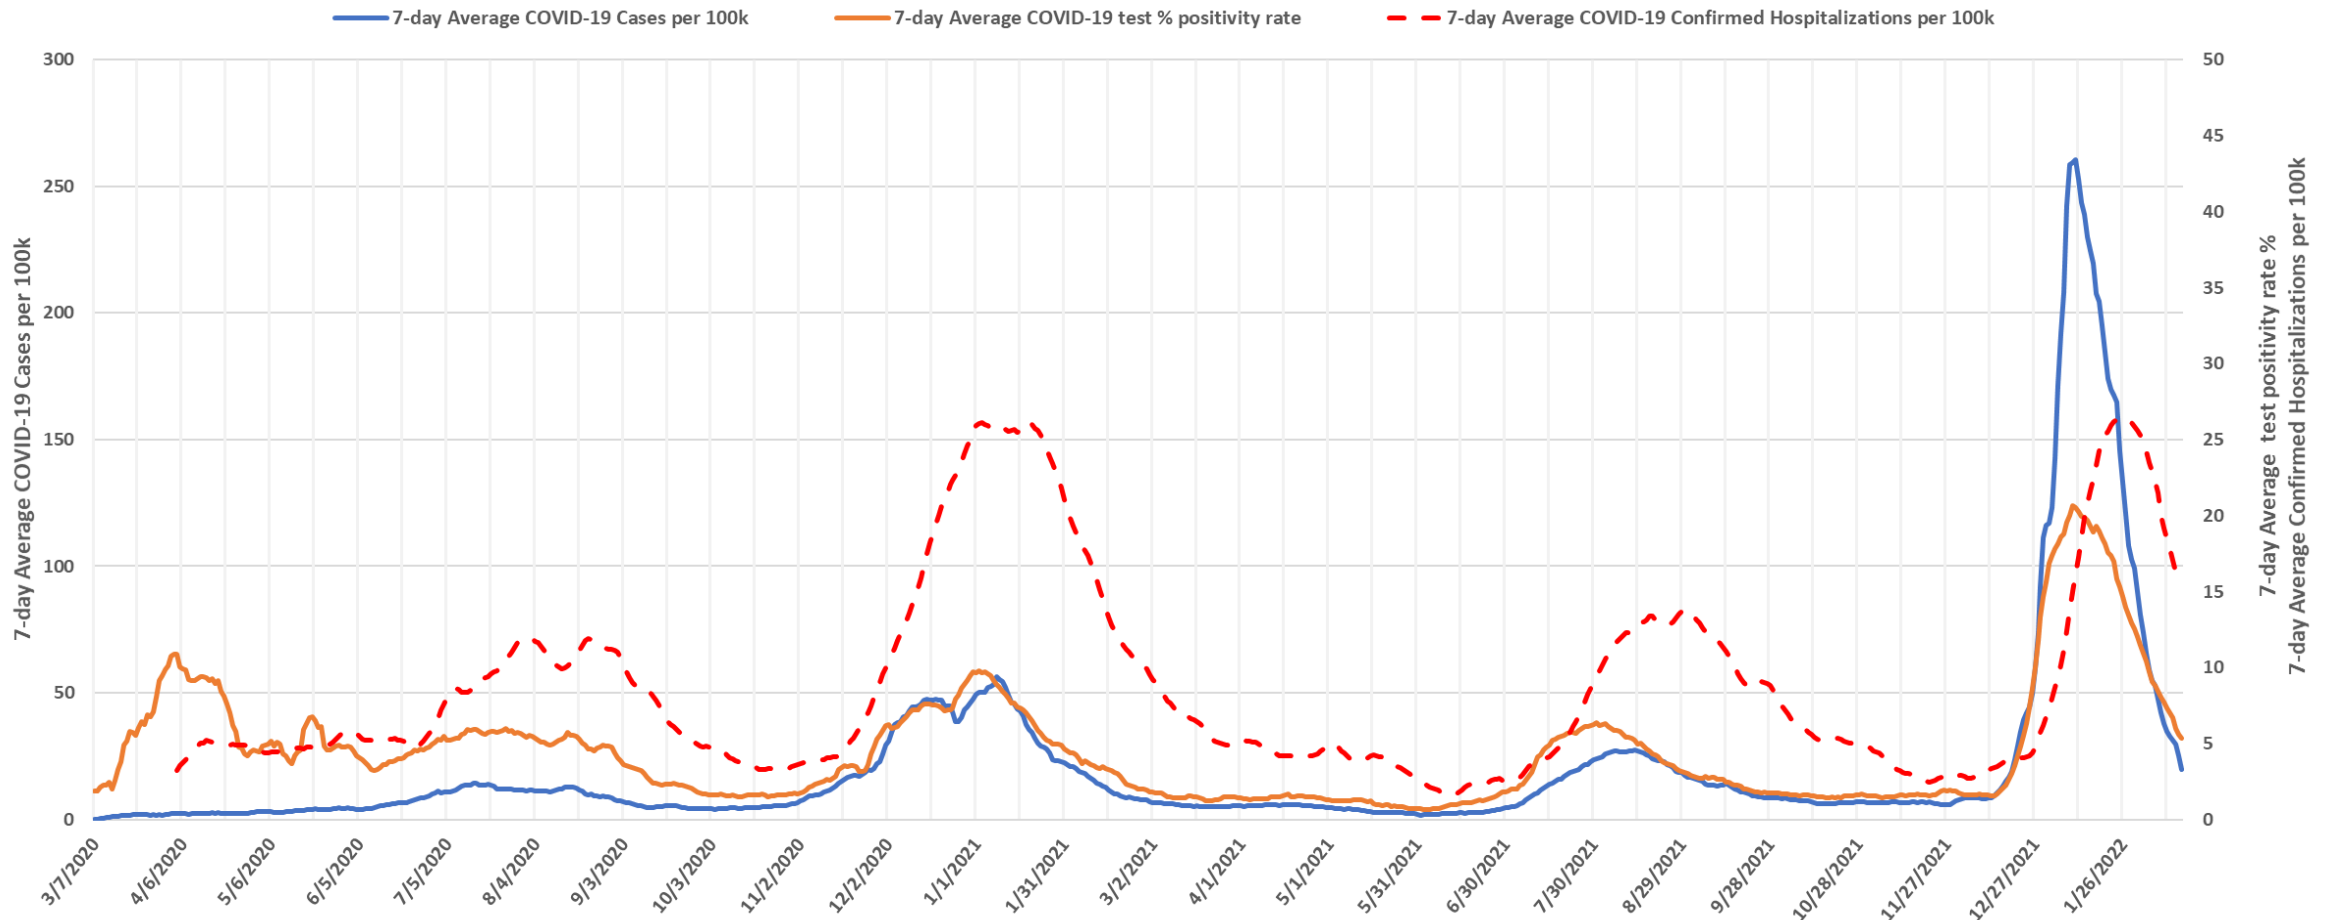

*On February 25, 2022, Berkeley Lab hosted Speaker of the House Nancy Pelosi, Rep. Barbara Lee, Rep. Doris Matsui, UC President Michael Drake, and Intel CEO Patrick Gelsinger for a tour of the Advanced Light Source (ALS), meet and greet with student researchers, and press conference. Lab leaders and researchers shared ways the ALS propels research in the fields of clean energy, microelectronics, human health, and more.*

# Alameda County Covid-19 Experience

## March 2020 to February 2022

### Alameda County COVID-19 Data

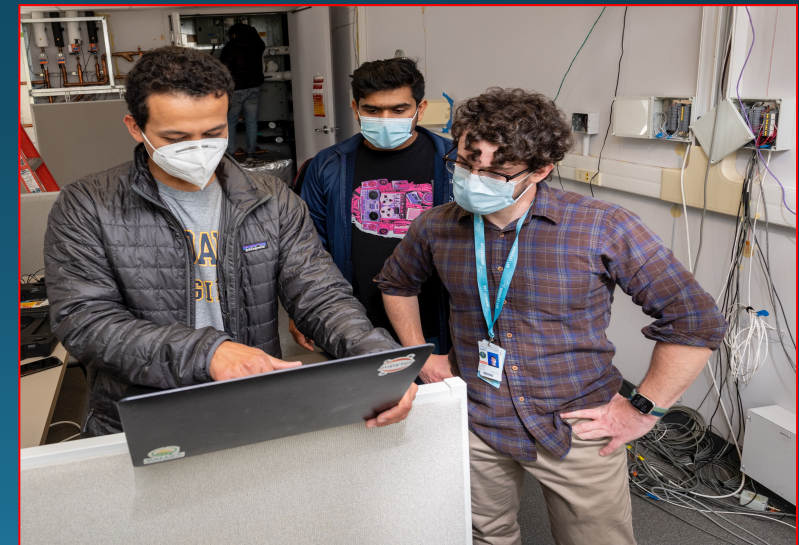

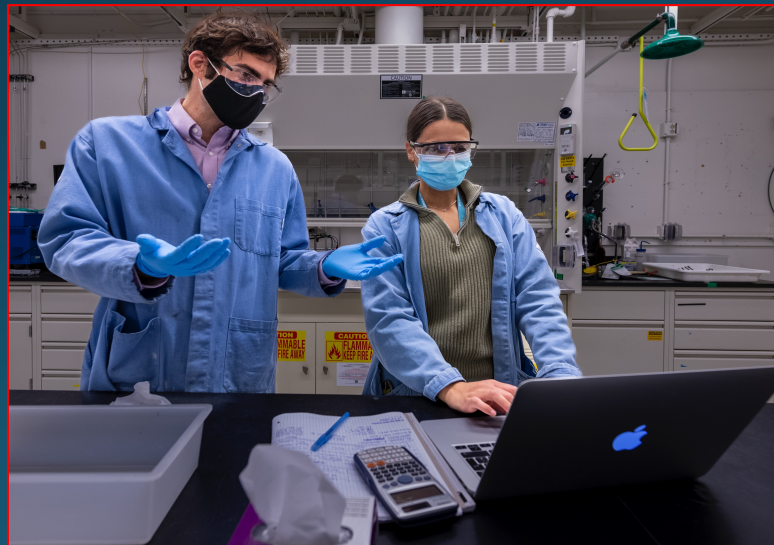

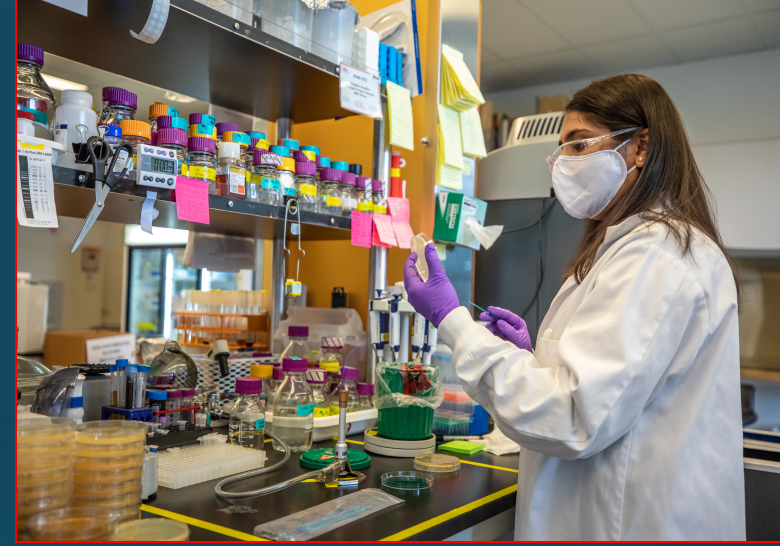

Leadership adjusts Covid safety protocols as a graded response to case and hospitalization rates.

## Ongoing Leadership Lessons

- **Committed and informed leadership** necessary at all levels
- **Data and evidence** drives decision making
- **Guiding principles** and **best exposure control practices** inform decision making
- **Flexibility and adaptability** to changing conditions essential
- **Early intervention** reduces severity of outcome
- **Frequent and transparent communications** critical for all stakeholders
- **Healthy safety culture** developed during a time of crisis

**We can continue to build on our healthy culture and carry the lessons from the pandemic forward  
– and emerge as a stronger community partner.**

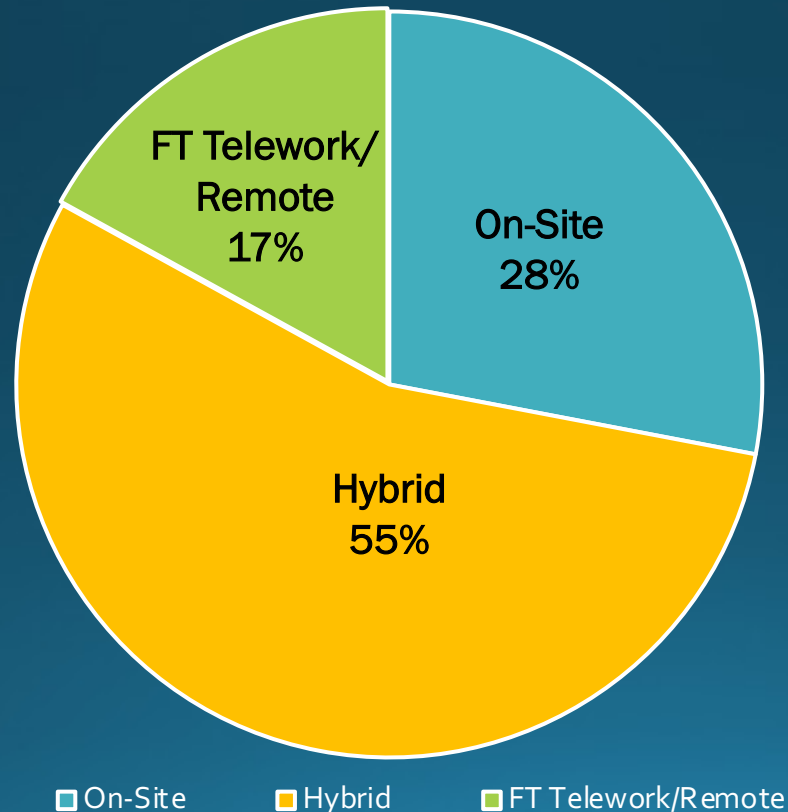

# Berkeley Lab Future of Work: Gradual Resumption of Work

## Berkeley Lab Future of Work: Modes of Work

1. **On-site Worker** - works on a Lab site full time
2. **Full Time Teleworker** - Works full time off-site
3. **Hybrid Teleworker** - Works a combination of on-site and off-site 1-4 days per week
4. **Remote Worker** - works full time remotely from a non-Lab location

The Way We Work Today

# Collaboration/Hybrid-Telework Capabilities

## *New capabilities:*

- Deploying new equipment and capabilities as they arrive: larger screens, improved microphones, improved cameras to enable teleworkers to have a more immersive experience
- Showroom to showcase new technology in B50
