Annual Exercise - LBNL Evacuation

LBNL annual exercise will be held on July 11, 2013.

Partial Evacuation of the Lab

Exercise Scope

- 20 Buildings
- 1,800 employees
- 2:30 to 4:00 pm
- Wildland fire scenario

LBNL Evacuation Exercise

- Exercise Control
 - A team consisting of Lab departments and divisions as well as off site partners began planning for this exercise in late 2012.
 - Laboratory employee's and affiliates have been receiving updates on how the exercise will affect them.
 - LBNL Community Relations will notify the Cal News Office, the Berkeley Mayor's office and local community groups prior to the exercise.

LBNL Evacuation Exercise

- Exercise Control
 - Buildings will be evacuated in a phased approach.
 - Building occupants will be assisted by staff trained in emergency evacuation procedures.
 - Traffic flow will be monitored both on and off site.
 - Any significant impediments to safety or traffic flow will be immediately addressed. The exercise is designed to allow for adjustments or cessation of the evacuation on-the-fly.
 - Employees will be allowed to return once and “all clear” notice has been given.
