# Common Plant and Animal Species Associated with LBNL Plant Communities

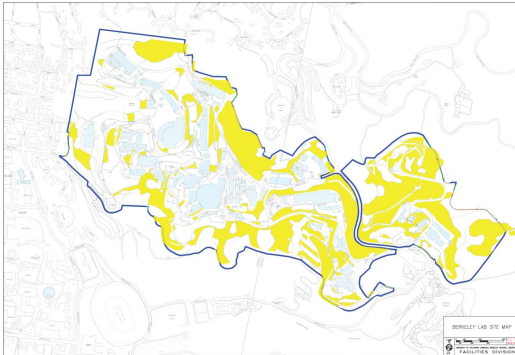

## Grasslands: Common Species

67 Acres

## Grasslands: Common Species

67 Acres

### **Plants:**

Native and Non-Native Grasses, Herbaceous Plants

### **Mammals:**

Rodents, Skunk, Gopher, Squirrel

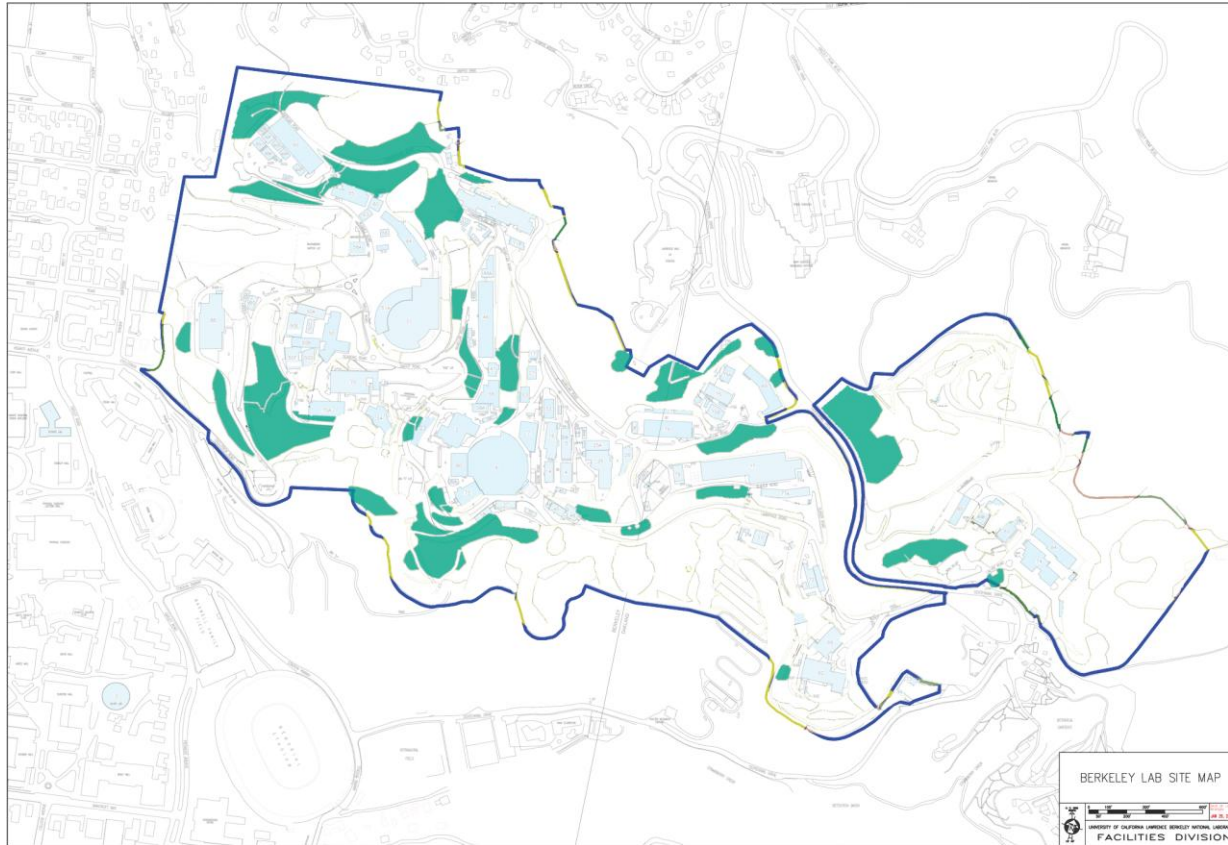

### **Birds:**

Sparrow, Dove, Raptors

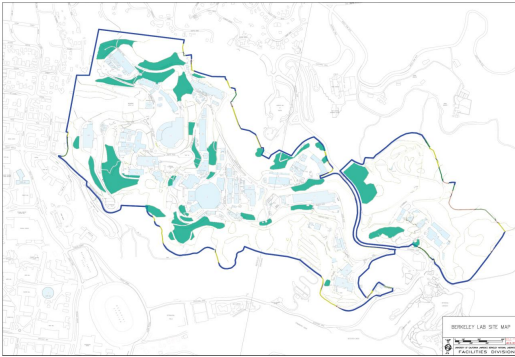

### **Reptiles / Amphibians:**

Lizards, Salamander, Snakes

## Grasslands: Common Species

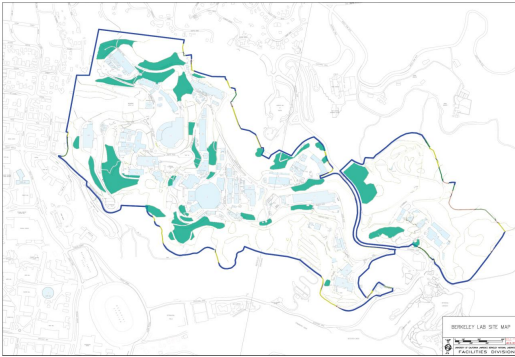

# Eucalyptus: Common Species

22 Acres

## Eucalyptus: Common Species

22 Acres

## Plants:

Eucalyptus, Non-Native Weeds and Grasses, Shrubs

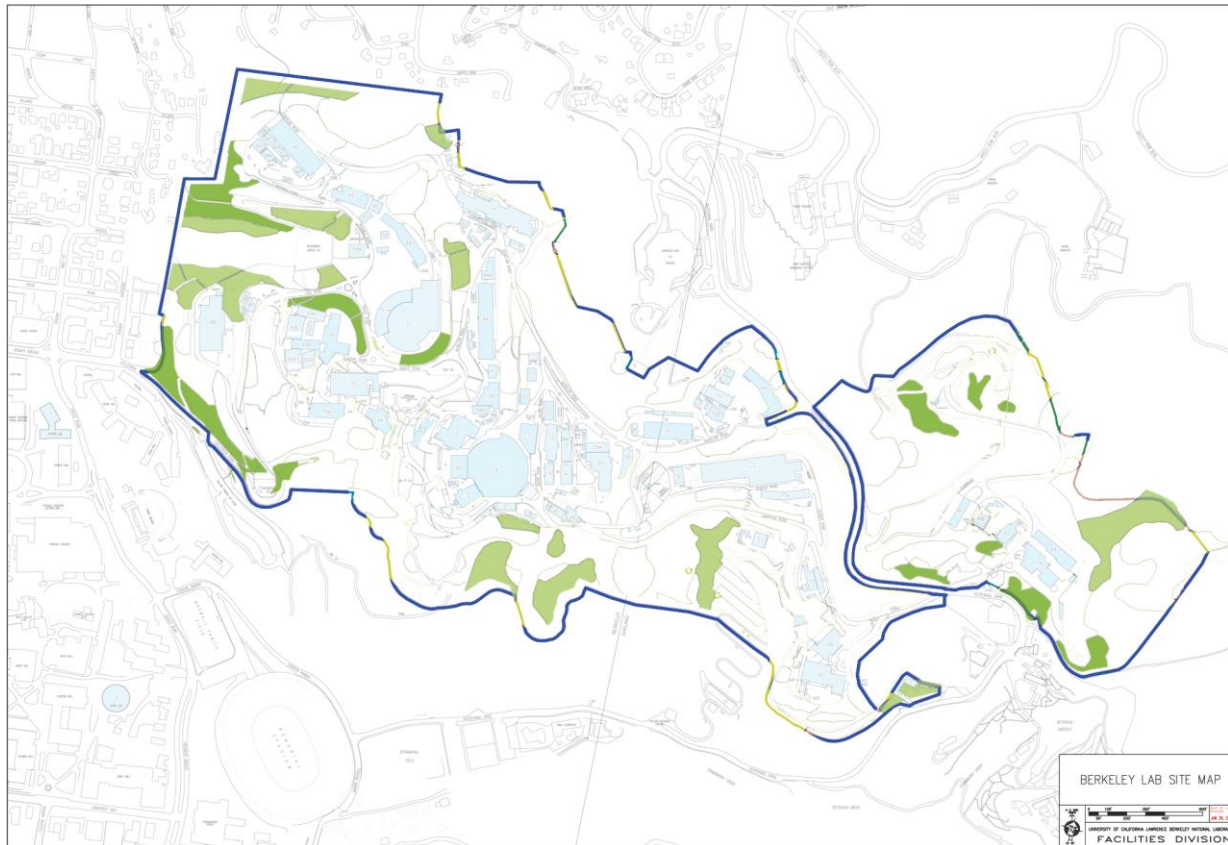

## Mammals:

Bats

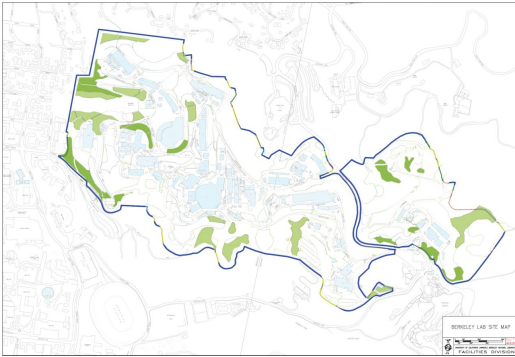

## Birds:

Raptors

### **Plants:**

Bay, Redwood, Pine, Fern, Grass, Nettle

### **Mammals:**

Bats, Deer, Raccoon, Opossum,

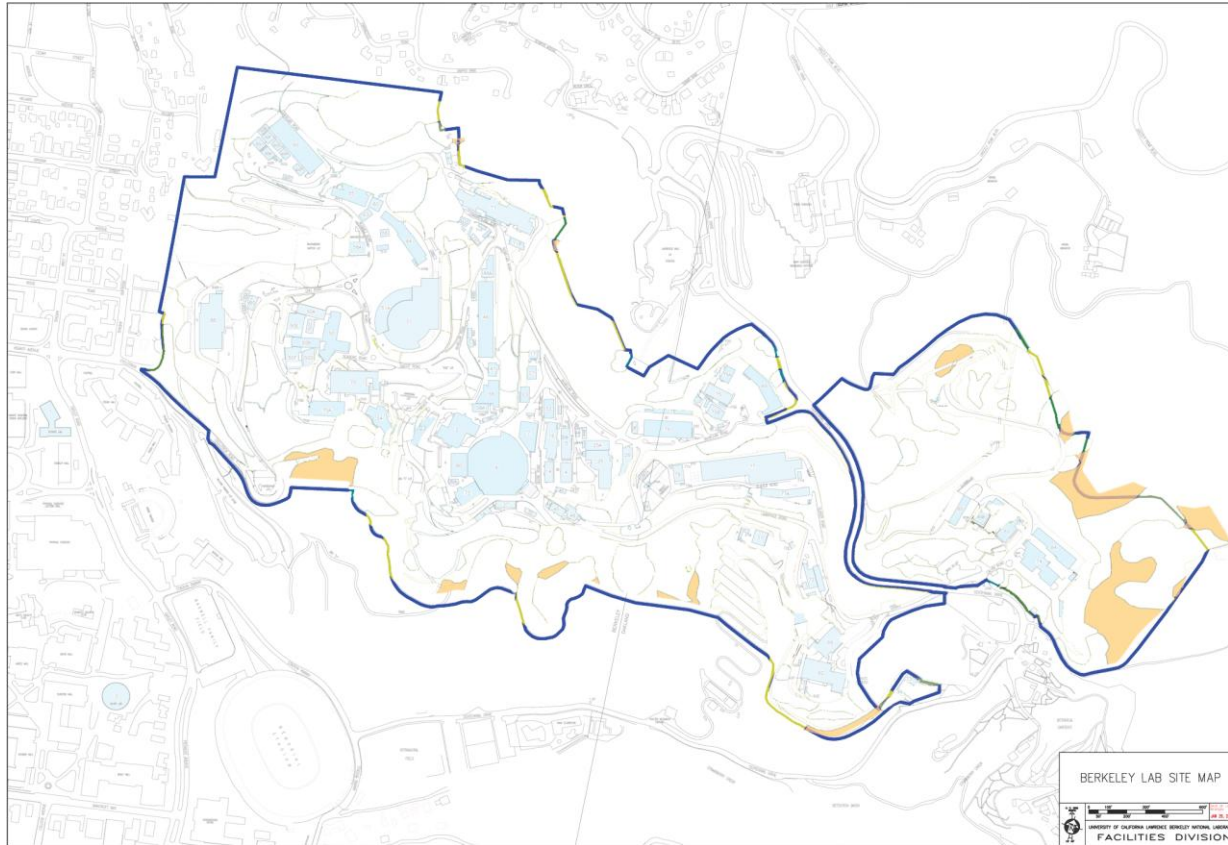

### **Birds:**

Raptors, Woodpecker, Thrush, Robin, Jays

### **Reptiles / Amphibians:**

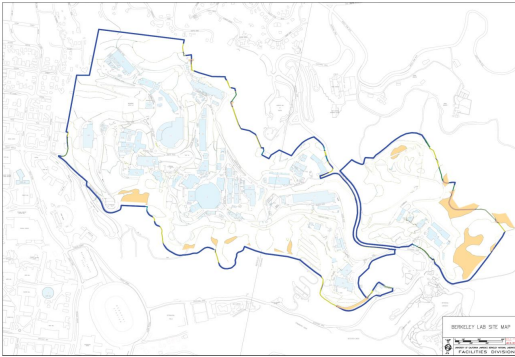

Salamander

# Bay and Conifer Woodlands: Common Species

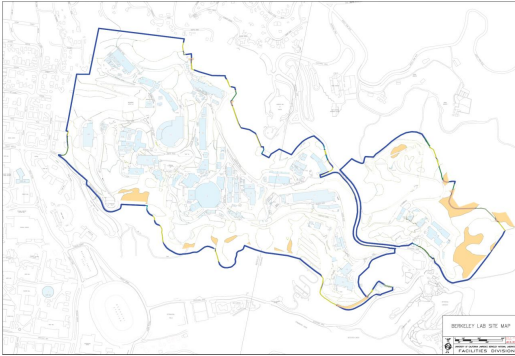

# Coastal Scrub: Common Species

8.5 Acres

## Coastal Scrub: Common Species

8.5 Acres

**Plants:**

Sagebrush, Coyote Scrub, Nettle, Grass, Oak

**Mammals:**

Squirrel, Rabbit, Rodents

**Birds:**

Raptors, Towhee, Quail, Jay, Bushtit

**Reptiles / Amphibians:**

Lizard, Snake

## Coastal Scrub: Common Species

# Special Status Plant Species

Species:

Big Scale Balsamroot

Status:

CNPS Listed

Presence at LBNL:

Moderate Potential

## Plant Species (Special Status)

Species:

Diablo Helianthella

Status:

CNPS Listed

Presence at LBNL:

Moderate Potential

## Plant Species (Special Status)

Species:

Large-Flowered  
Leptosiphon

Status:

CNPS Listed

Presence at LBNL:

Moderate Potential

## Plant Species (Special Status)

Species:  
Oregon Meconella

Status:  
CNPS Listed

Presence at LBNL:  
Moderate Potential

## Plant Species (Special Status)

Species:

Robust Monardella

Status:

CNPS Listed

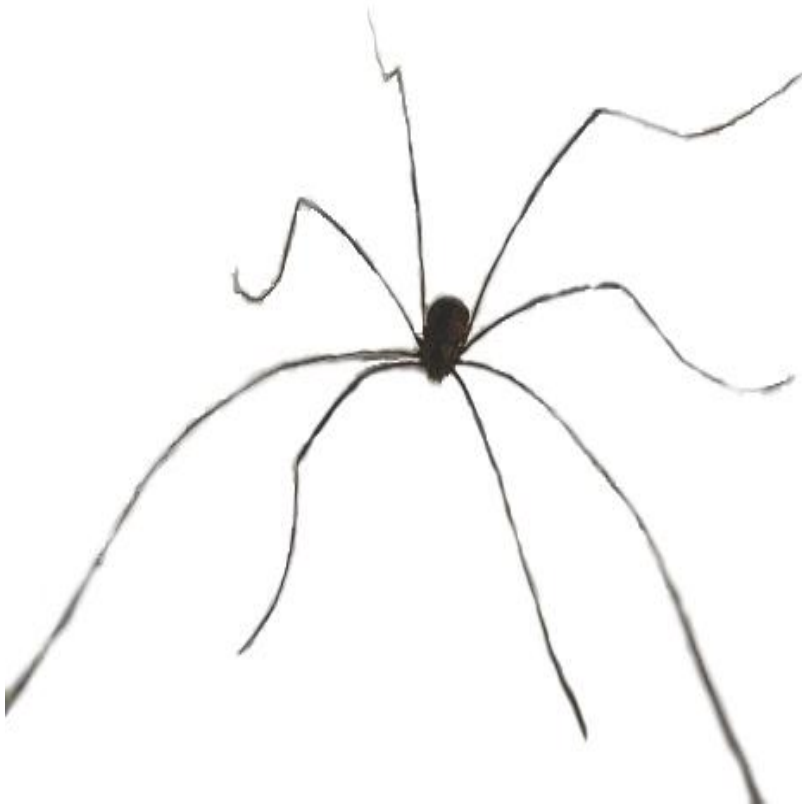

Presence at LBNL:

Moderate Potential

## Plant Species (Special Status)

# Special Status Animal Species

Species:

Lee's Micro-Blind  
Harvestman Spider

Status:

Not Listed, but Rare

Presence at LBNL:

Known

## Animal Species (Special Status)

Species:

American Kestrel

Status:

CFG Nesting Protection

Presence at LBNL:

Known

## Animal Species (Special Status)

Species:

Cooper's Hawk

Status:

Species of Special  
Concern (State)

Presence at LBNL:

Known

## Animal Species (Special Status)

Species:

Red-Tail Hawk

Status:

Protected (State)

Presence at LBNL:

Known

## Animal Species (Special Status)

Species:

Alameda Whipsnake

Status:

Threatened (Ca/Fed)

Presence at LBNL:

Observed --

Low/Moderate Potential

## Animal Species (Special Status)

Species:

Allen's Hummingbird

Status:

CSC

Presence at LBNL:

High Potential

## Animal Species (Special Status)

Species:

San Francisco Lacewing

Status:

FSC

Presence at LBNL:

Moderate/High Potential

## Animal Species (Special Status)

Species:

Pallid Bat

Status:

CSC

Presence at LBNL:

Moderate Potential

## Animal Species (Special Status)

Species:

Long-Eared Myotis

Status:

CSC

Presence at LBNL:

Moderate Potential

## Animal Species (Special Status)

Species:

Fringed Myotis

Status:

CSC

Presence at LBNL:

Moderate Potential

## Animal Species (Special Status)

Species:

Bewick's Wren

Status:

Formerly Species of  
Concern (Fed)

Presence at LBNL:

Moderate Potential

## Animal Species (Special Status)

Species:  
California Thrasher

Status:  
Formerly Species of  
Concern (Fed)

Presence at LBNL:  
Moderate Potential

## Animal Species (Special Status)

Species:

Great Horned Owl

Status:

Protected (State)

Presence at LBNL:

Moderate Potential

## Animal Species (Special Status)

Species:

Olive-Sided Flycatcher

Status:

Formerly Species of  
Concern (Fed)

Presence at LBNL:

Moderate Potential

## Animal Species (Special Status)

Species:

Pacific Slope Flycatcher

Status:

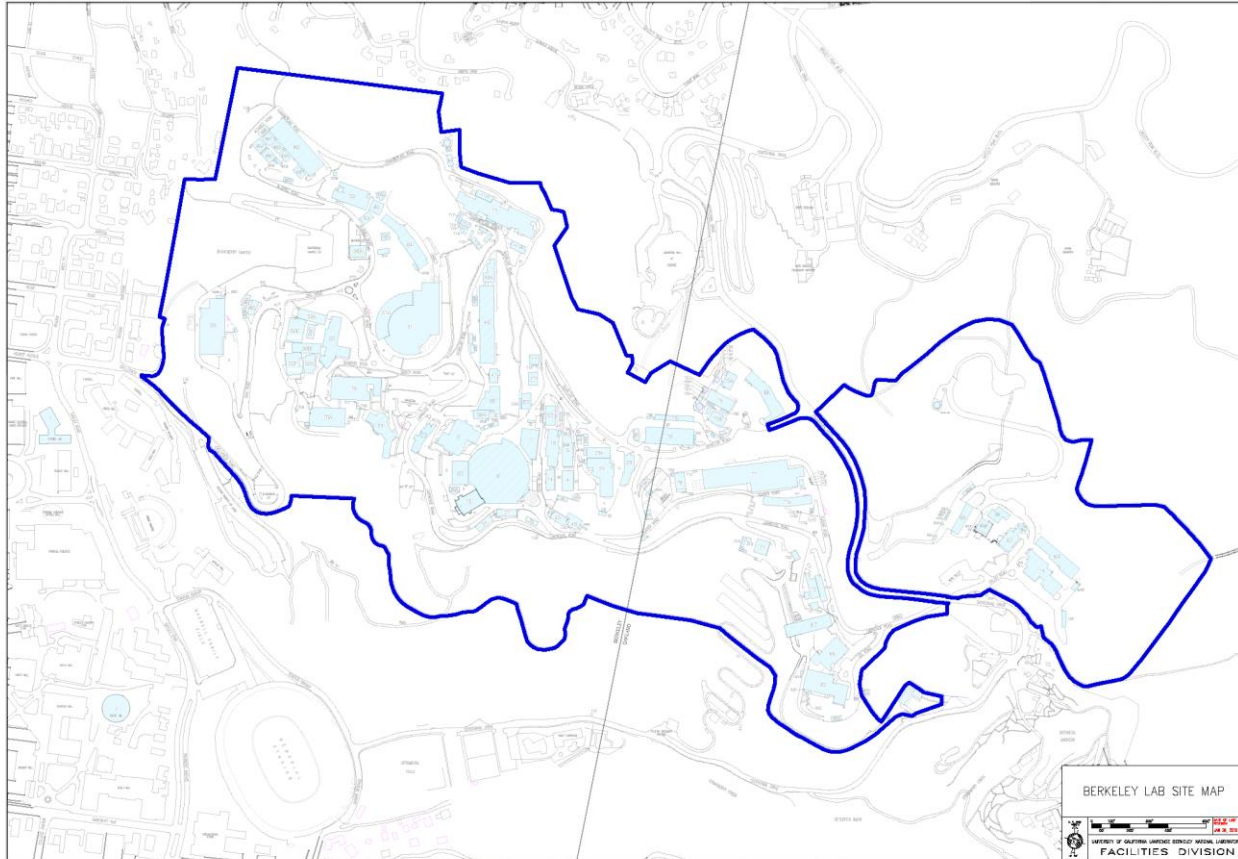

Formerly Species of  
Concern (Fed)
