

To move dates earlier, begin with start date in the header and go counterclockwise
To move dates later; begin with the end date in the header and go clockwise.

Example proposal dates already in RAPID are:

	Begin	End	Begin	End
Header	9/1/2011			8/31/2013
Total Budget	9/1/2011			8/31/2013
Budget Periods	9/1/2011	8/31/2012	9/1/2012	8/31/2013

To move the dates earlier: (example: 7/1/11 to 6/30/13)

(Change start dates from the top down and end dates from the bottom up.)

Start by changing the start date in the header

then start date total budget

then start and end dates in each budget period (all of the budget periods)

then end date total budget

then end date in the header

To move the dates later: (example: 12/1/11 to 11/30/13)

(Change end dates from the top down and start dates from the bottom up.)

Start by changing the end date in the header

then end date total budget

then start and end dates in each budget period (all of the budget periods)

then start date total budget

then start date in the header
