

Managers, Supervisors, and PI ES&H Responsibilities (2 of 3)

5. Ensure that workers know their “rights” including “Stop Work” policy.

6. Ensure that workers report all work related injuries (to Health Services and to Supervisor).

7. Encourage the communication of near misses and lessons learned. Apply relevant Lessons Learned to work tasks.

8. Ensure that workers know how to respond to incidents and emergencies.

9. Oversee day-to-day operations by conducting informal observations and by “coaching” workers on expected safety behaviors.
