

ANNOUNCEMENT: Change in radiation worker training course numbers

Effective September 8th 2009, many of the RPG training classes will change their name and number to create a consistent system. These changes are in response to the HSS audit that occurred in February 2009 and to ensure our compliance with DOE regulations.

In addition, from September 8th 2009, all RPG training courses taken from this date forward will expire two years from the date of completion. Existing expiration dates for courses that are not currently on a two-year cycle (EHS0432-5 years, MAT0009-3 years, MAT0012-1 year) will be honored. For example, if you have an expiration date of March 2014 for your EHS0432 class it will stay March 2014, but when you refresh your credit in March 2014 it will then have a two year expiration date (March 2016).

If you have any questions please contact Jeff Bramble (x6242).

The chart below summarizes the changes described above.

New Course No.	New Course Title	Period Training Valid and Retraining	Previous Course No.	Previous Course Title	Training Method
EHS0470	General Employee Radiological Training (GERT)	2 years, repeat for retraining or take EHS0471	EHS0405	Same	Online
EHS0471	Radiation Protection -- Radiation Worker I/Part1	2 years, repeat course for retraining	EHS0400	Radiation Protection -- Fundamentals	Online
EHS0472	Radiation Protection -- Radiation Worker I/Part2	2 years, repeat course for retraining	EHS0432	Radiation Protection -- Laboratory Safety	Classroom
EHS0473	Radiation Protection -- Radiation Worker II	2 years, repeat course for retraining	EHS0431	Contamination/High Radiation Area Controls at Bldg 88	Classroom
EHS0474	Radiation Protection -- Material Control & Accountability	2 years, repeat course for retraining	N/A	New Course	Classroom
EHS0475	Radiation Protection -- X-ray Awareness	2 years, repeat course for retraining	EHS0410	X-ray Operator Safety	Online
EHS0476	Radioactive Materials Driver Training	2 years, repeat course for retraining	MAT0009	Radioactive Material Driver Transport	Classroom
EHS0477	Radioactive Package Receiving - General Awareness	2 year, repeat course for retraining	MAT0012	Same	Classroom
