EHS 335 - Asbestos Building Inspector

Course Syllabus

Subject Category:	Occupational Health	Course Prerequisite:	No
Course Length:	3 Days	Medical Approval:	No
Delivery Mode:	class		
Schedule:	Through Qualified Offsite Vendor		
Location/Time:	Offsite Vendor		

Course Purpose: This AHERA approved course provides you with a comprehensive analysis of building materials that may contain asbestos and the techniques to find them. You'll learn the most common locations for asbestos in a building and review the most important federal and California regulations that cover inspection issues.

Audience: This course is intended for personnel involved with the identification of asbestos-containing materials and assessment of their condition.

Course Objectives:

- Discuss the types of materials that contain asbestos
- Health effects associated with asbestos

Course Instructional Materials:

- PowerPoint presentations
- Wipe Boards

Instructors: Offered by private vendors in the Bay Area and Vacaville.

Training Compliance Requirements: 29 CFR 1926.1101 & CCR Title 8 1529

Course Handouts: Vendor provided student aids and course materials.

Participant Evaluation: N/A

Written Exam: Yes

Practical Exam: No

Retraining/Recertification: A refresher class (EHS 336) is required every year to maintain EHS 335 training
