| <b>Subject Category:</b> | Occupational Health              | <b>Course Prerequisite:</b> | Yes (EHS 335) |
| <b>Course Length:</b>    | 1 Day                            | <b>Medical Approval:</b>    | No            |
| <b>Delivery Mode:</b>    | class                            |                             |               |
| <b>Schedule:</b>         | Through Qualified Offsite Vendor |                             |               |
| <b>Location/Time:</b>    | Offsite Vendor                   |                             |               |

**Course Purpose:** This AHERA approved course provides you with a comprehensive review of the initial Asbestos Building Inspector class. You'll review the most common locations for asbestos in a building and review the most important federal and California regulations that cover inspection issues.

**Audience:** This course is intended for personnel involved with the identification of asbestos-containing materials and assessment of their condition.

**Course Objectives:**

- Review the types of materials that contain asbestos
- Review the health effects associated with asbestos

**Course Instructional Materials:**

- PowerPoint presentations
- Wipe Boards

**Instructors:** Offered by private vendors in the Bay Area and Vacaville.

**Training Compliance Requirements:** 29 CFR 1926.1101 & CCR Title 8 1529

**Course Handouts:** Vendor provided student aids and course materials.

**Participant Evaluation:** N/A

**Written Exam:** No

**Practical Exam:** No

**Retraining/Recertification:** Every year
