

**BERKELEY LAB**

Bringing Science Solutions to the World

---

**Berkeley Lab Training**

---

**MED 0015 SARS CoV-2 Booster Program**

**ABOUT THIS COURSE CODE**

**Subject Category:** COVID-19 Health Services

**Course Prerequisite:** NA

**Course Length:** NA

**Medical Approval:** None

**Course Purpose:** This course code does not represent a training course. The course code is used by Health Services to document compliance with the UC Policy requiring employees to have a SARS-CoV-2 booster shot or have an approved deferral or exception.

To declare your booster status go to [clinic.lbl.gov](https://clinic.lbl.gov) and click on the COVID Booster Declaration. Review the educational content and links to important policy information. Complete the questions and click on the Submit button at the end of the questionnaire to view your protocol assignment and to receive course credit.

**Requirements:** UC Policy requires all employees to obtain a booster shot within 30 days of becoming eligible for the appropriate booster. Employees must complete the COVID Vaccine Booster Declaration at [clinic.lbl.gov](https://clinic.lbl.gov). Employees can apply for a booster exemption. Employees with a previously approved vaccination exemption will receive course credit.

**Program:**

[UC Policy SARS-CoV-2 \(COVID-19\) Vaccination Program](#) requires all Lab personnel to participate in education about the SARS-CoV-2 vaccines, to obtain a booster shot within 30 days of becoming eligible for a booster, and to declare their vaccination status. Refer to the LBNL [COVID Vaccination Policy](#) stating the first booster deadline on 2/28/2022.
