

## Collaboration with industry is an important part of our mission as a DOE laboratory

"[Collaboration with Industry] is an important part of what we do...  
It is part of the reason why we are being funded...  
And now, more than ever, we think that scientists...  
need to come to the aid of our country."

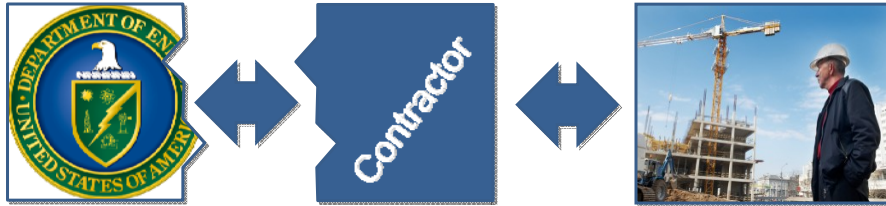

– Steven Chu  
Secretary of Energy

## We have 4 mechanisms to execute this mission

## A new mechanism (ACT) is in development to provide greater flexibility

Legislatively mandated minimal risk position for the Government is preserved

### Contractor can be flexible

- Negotiable payment terms
- Authority to guarantee performance
- Negotiable indemnity
- Commercial contract terms
- Negotiable IP terms

## We Look Forward to working with you!
